Beginners' Workshop Pattern Choices

On the next two pages are 23 patterns from which to choose. The first thing to note is that you will be choosing your own glass so you may disregard the colors shown below. They are for reference only. Secondly, though these are all patterns suited to beginners, some patterns have more pieces than others. Patterns with a greater number of pieces are for those who have had experience cutting glass before either in a suncatcher-/mini-workshop, or on their own AND who think they are capable of cutting more than 7 pieces of glass a per class (if enrolled in a 4-session workshop). Patterns G, H, J, K, M, R, S, T, U, V and W all have more than 21 pieces. If you would like to do one of these patterns but are unsure of whether you can accomplish this within our timeframe, just talk to me about it.

Once you make your selection (by letter) your pattern choice will be printed on an 11"x17" sheet of paper and will be ready for you on the first day of class.
